

Monday September 23, 2019, 9am - 3 pm

REDEEMING RUBICS WITH THE NEW CURRICULUM

Assessment Workshop for Second Language Teachers

This workshop is intended for secondary language teachers: Core French, Spanish, Mandarin, and Japanese teachers. Since Grade 8 and 9 teachers are anticipating a shift in assessment practices, this workshop will provide a thorough introduction to Competency-Based Assessment and will prepare teachers for this change. Teachers for higher grades are welcome to attend as well as it will provide insight, understanding and time for conversation around current and future assessment practices.

Sheena Falconer who teaches Core French at Kitsilano Secondary will be presenting. Sheena has experimented for the past few years with Competency-Based Assessment and will share tried and tested examples, templates, and rubrics. She will ensure a practical focus while offering suggestions and tools for your language classroom.

The presentation will be in English with examples in French and participants are welcome to participate in their language of choice. Teachers of English and ELL are welcome to attend as well as these practices are common to all languages.

This workshop is a follow-up to one provided last Spring by Lukas Morel, however, everyone is welcome even if you did not attend the previous session.

Feel free to bring an example of an assessment you have been using so that Sheena can guide you through adapting and reworking it to reflect the new BC Curriculum. Please bring your own VSB laptop or tablet.

For all Secondary Language Teachers

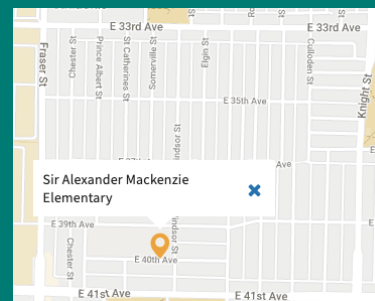

Presented in English with samples for Core French

You will learn how to make assessment efficient
